Step 3: Make a contribution

The information you enter will authorize you to fund contributions from your Merrill account or up to seven different accounts from other financial institutions and allocate the funds to your employee’s Merrill retirement plan accounts.

Be sure to have the following information available when enrolling:

- Tax ID Number (TIN)

- Merrill advisor’s name and branch phone number (If you do not have an advisor at this time, enter “Merrill” in the first and last name fields.)

You’ll set up a User ID and a password. Please save the User ID in a secure location. You’ll need to enter your User ID and password every time you log on.

To enroll online, go to econtribs.ml.com and click on “Enroll Now.”

Enter plan Key Account Number and TIN. Click “Continue.” Next enter all required information and click on “Add Plan.” (The Key Account Number is generally any employee account number associated with the plan. Important: Use uppercase letters with no spaces or dashes.)

Newly opened accounts need to wait two to three business days for enrollment to allow system to recognize new account number.
Step 1: Log on

(continued)

After the plan is added to the E-Contribs system, your Deposit Group (DG) number will be automatically generated and will display on the screen. This DG number is unique to your plan. Please be sure to keep this number for your records.

Follow the five steps to create a User ID and password and to record security information. The password should be between eight and 20 characters. The password is case sensitive.

Please save the User ID in a secure location. You’ll need to enter your User ID and password every time you log on.

2. Logging on

Go to the E-Contribs website:

<econtribs.ml.com>

Enter your User ID and password.
Step 2: Enter employee and banking information

Employee set-up

- Add an employee
- Edit employee information
- Remove an employee

To add, edit or remove an employee, hover over the "Account Maintenance" tab and click "Employee List."

Please note: If you have more than one retirement plan enrolled in the service, select the plan type using the drop-down box in the upper right corner of the screen.

To add a new employee, enter the following information in the fields and click "Add."

- Employee Name
- Social Security Number or Tax Identification Number (no spaces or dashes)
- Number for RCMA account types
- Account Number
- Hire Date (optional)*
- Termination Date (optional)*

* Although the "Hire Date" and the "Termination Date" fields are optional, they will help you with plan administration.

To edit employee information, select "Edit" next to the employee information you wish to change, enter the new data in the "Update Employee" section and click "Update."

To remove an employee, select "Delete" next to the employee name you wish to remove and click "OK" when prompted.

When you select "Inactive," you'll be required to enter the employee’s termination date in the "Termination Date" field. Once the Status field is changed to "Inactive," you'll no longer be able to make a contribution to that account.

If you need to make a contribution to an employee after their termination date, you'll need to temporarily 1) switch their status to "Active" and 2) remove their termination date in order to make the contribution.

Sort by Employee Name, Employee SSN or Employee Account Number on the Account Maintenance and Account Contribution screens by clicking on any of these headings.
Step 2: Enter employee and banking information (continued)

Banking information set-up
- Add banking information
- Edit banking information
- Remove banking information

To add, edit or delete banking information, hover over the “Account Maintenance” tab and select “Banking Information.” You may add up to seven banks per retirement plan.

Please note: If you have more than one retirement plan enrolled in the service, select the plan type using the drop-down box in the upper right corner of the screen.

To add new banking information, enter the following information in the fields and click “Add:
- Bank ABA Routing Number *
- Bank Account Number
- Account Type (checking/savings)
* There is a link to an image of a check to assist you in locating the ABA information required.

To edit banking information, select “Edit” next to the bank information you wish to change.
The only information that you may edit is the account type—checking or savings. If you wish to update other bank information, such as account number, routing number, etc., you’ll need to remove the old entry and create a new one.

After you click on “Edit,” the system will pre-populate the banking information. Select either checking or savings (the default selection will be checking) and click on the “Update” button to save the information entered. The system will validate the input fields. If the data is valid, the banking information screen will display “Update Successful.”

To remove banking information, select “Delete” and click “OK” when prompted.
Step 3: Make a contribution

There are three ways to make contributions to your retirement plan accounts:
1. Enter the information directly to the E-Contribs website,

1. Enter the information directly to the E-Contribs website

Go to the “Account Contributions” tab and click on the “Contribution” tab.

Please note: If you have more than one retirement plan enrolled in the service, select the plan type using the drop-down box in the upper right corner of the screen.

You’ll be presented with a list of active plan participants and applicable contribution types, according to the plan type you selected. Enter the contribution amounts for each applicable employee.

Once you’ve entered the contribution amounts, you can either click on the “Save” button, which will allow you to process your contribution at a later time or click on the “Continue” button—you’ll then be presented with the “Contribution Bank” screen where you can enter the bank information.

If you choose the “Save” option, your transaction will be saved until you take action. The transaction will be displayed on the “Activity” tab as a “Not Submitted” transaction.

The following information is displayed on the contribution screen:

You’ll be presented with the Account Contributions Confirmation Screen.

Confirm a contribution—the Account Contributions Confirmation screen provides a confirmation number and a message indicating the contribution was submitted.

Contributions made before 2:00 p.m. Eastern are processed the same business day. Contributions will be posted to your Merrill account two business days after processed on E-Contribs.

In the event that your contribution is rejected, you’ll be notified on the “Home” page of the E-Contribs website detailing why the transaction was rejected.

You may also review the status of your transaction by clicking on the “Activity” sub-tab. The transaction that you have just entered will appear as a “Pending Transaction.”

To establish automatic contributions, go to the “Account Contributions” tab and click on “Periodic Contributions.”

Please note: If you have more than one retirement plan enrolled in the service, select the plan type using the drop-down box in the upper right corner of the screen.

Select your desired contribution frequency from the drop down list, then select the date you’d like automatic contributions to begin. Your plan’s first contribution will be processed on the fourth business day and deposited on the fifth business day following the Start Date. The dates for subsequent contributions will be based on the date the first automatic contribution is processed.

Select the banking account from which the contributions will be funded. If the account you’d like to use isn’t shown, or if you’d like to change banking information, go to the “Account Maintenance” tab, then select “Banking Information.”

You may have two active and two inactive instructions per plan at a time. To activate automatic periodic contributions, select “Active” from the Instruction Status drop down list, then “Continue.”

In the next step, you’ll enter and confirm employee contribution amounts.

The last step is to submit the information. To do this, you’ll need to enter your password. Once you click the “Continue” button, the system will save the contribution information and will submit it to the Automated Clearing House (ACH).

You’ll be presented with the Account Contributions Confirmation Screen. Click “Continue”, verify your phrase, then enter your password and click “Continue.”
